Description: This course helps attendees establish the essential core competencies required for performing the duties of the COMM UL in an all-hazards incident. This course addresses all responsibilities appropriate to a COMM UL operating in a local-or state-level AHIMT. These responsibilities include the collection, processing and dissemination as needed to facilitate Operations of Command, General Staff and Unit Leaders within the confines of a Type III AHIMT. The course is an instructor-led training that supports learning through discussion, lecture and active participation in multiple exercises. By requiring attendees to bring Communications Unit Leader Kit to the instruction, the course provides a realistic, hands-on approach to mastering the skills of a COMM UL.
